Vonberg Valve, inc. REACH Statement

Under the definition of the REACH regulations EC 1907/2006, Vonberg Valve, inc is a producer of “articles”. REACH requires article suppliers to inform recipients if an article contains a Substance of Very High Concern (SVHC) in excess of 0.1% by weight. The EU REACH Review of 2020 provided an updated list of the candidate 209 SVHC chemicals.

Based on the material content certifications provided by Vonberg’s suppliers, none of these substances are present in the materials we use in our products, including packing and shipping materials. Therefore, Vonberg products do not contain any of these SVHC in excess of 0.1% by weight. That is the purpose of this statement. As noted, our products; unless called out below, are compliant to REACH Annex (XIV) and REACH Annex (XVII).

Vonberg Valve, inc. will continue to comply with REACH requirements and notify customers of any change in article content.
